HANDBOOK OVERVIEW

The 2019-2020 Selma City Schools (SCS), Student-Parent Resource Handbook, was developed in accordance with the policies of the SCS Board of Education and the regulations of the Alabama State Department of Education. The Student-Parent Resource Handbook includes the rights and responsibilities of the school community, a range of disciplinary responses, and policies of SCS. All members of the school community, including students, parents/guardians, principals, school staff, and the district office have rights and responsibilities that support a strong school community.

This Student-Parent Resource Handbook is designed to provide an important foundation for the appropriate and expected behavior of all SCS stakeholders; both individually and collectively. The policies, procedures and expectations outlined in the document applies to students at all times while on campus, before and after school, while being transported by SCS transportation, and during school-sponsored events including field trips. Students may be subject to disciplinary action by the school if their actions off-campus create an unsafe or disruptive environment, interfere with the educational purpose or constitute a threat to the health, safety or welfare of a student or students and/or school personnel.

Family Educational Rights and Privacy Act

SCS is required to provide annual notice of The Family Educational Rights and Privacy Act (FERPA) and the rights it provides parents and students. The FERPA gives parents, students over 18 years of age and others certain rights with respect to the student’s education records.

These rights are:
1. The right to inspect and review the student’s education records within 45 days of the day the school receives a request for access. Parents of eligible students should submit to the school principal (or appropriate school official) a written request that identifies the record(s) they wish to inspect. The school official will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected.

2. The right to request an amendment of the student’s education records that the parent or eligible student believes are inaccurate or misleading. Parents or eligible students may ask the school to amend a record that they believe is inaccurate or misleading. They should write the school principal (or appropriate official), clearly identify the part of the record they want changed and specify the discrepancies. If the school decides not to amend the record as requested by the parent or eligible student, the school will notify the parent or eligible student of the decision and advise them of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.

3. The right to consent to disclosures of personally identifiable information contained in the student’s education records, except to the extent that FERPA authorizes disclosure without consent. One exception, which permits disclosure without consent, is disclosure to school officials with legitimate educational interests. A school official is a person employed by the school as a principal, supervisor, instructor or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the Board of Public Education; a person or company with whom the school has contracted to perform a special task (such as an attorney, auditor, medical consultant or therapist); a parent or student on an official committee, such as a disciplinary or grievance committee, or assisting another school official performing his or her tasks; or an attorney from the Department of Law with a legitimate educational interest. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his/her professional responsibility. Upon request, the school can disclose education records without consent to officials of another school district in which a student seeks or intends to enroll. (Note: FERPA requires a school district to make a reasonable attempt to notify the parent or eligible
student of the records request unless it states in its annual notification that it intends to forward records on request).

4. The right to file a complaint with the U.S. Department of Education concerning alleged failures by the school to comply with the requirements of FERPA. The name and address of the office that administers FERPA are:

Family Policy Compliance Office
U.S. Department of Education
400 Maryland Avenue, SW Washington, D.C. 20202-4605

HIPAA Privacy Rule
The Health Insurance Portability and Accountability Act (HIPAA) Privacy Rule allows covered health care providers to disclose Protected Health Information (PHI) about students to school nurses, physicians or other health care providers for treatment purposes, without the authorization of the student or student’s parent. For example, a student’s primary care physician may discuss the student’s medication and other health care needs with a school nurse who will administer the student’s medication and provide care to the student while the student is at school. In addition, a covered health care provider may disclose proof of a student’s immunizations directly to a school nurse or other person designated by the school to receive immunization records if the school is required by state or other law to have such proof prior to admitting the student and a parent, guardian, or other person acting in loco parentis has agreed to the disclosure.

Home Language Survey (HLS)
Every student must have a completed and signed HLS in his/her cumulative file. A parent/guardian must complete a HLS when the child first enters Selma City Schools. The form must be completed in its entirety, signed and dated. If the HLS indicates the student speaks another language or that another language is spoken at home, the parent/guardian should make an appointment with the with the school’s guidance counselor.

SCHOOL VISITORS

Selma City Schools recognizes the value and importance of meaningful, two-way parental and community involvement in all schools across the district. Parents are invited as partners to assist and support learning and ensure the acquisition of knowledge, skills, and abilities of all students.

The disruptive conduct of all persons (parents, volunteers, community members, etc.) that interferes with the safe and orderly operations of school may be restricted or banned from campus, and possibly, subjected to criminal prosecution. All school visitors must report to the front office through the main entrance of the school. Please note, all schools with Selma City Schools requires entrance through metal detectors. Weapons, real or replica, are not permitted on any school campus. Visitors must gain authorization through the main office to visit any learning environments beyond that point. A visitation pass must be worn at all times. Persons without a badge will be reported for trespassing. Selma City Schools expects the mutual respect of employees from visitors. The building principal may, with the approval of the superintendent or designee, issue a no-trespass notice against any person deemed disruptive to the safe and orderly operations of schools. The no-trespass order may be lifted by the principal with approval from the superintendent or designee as reasonable time has passed.

Parents/guardians are asked to arrange parent-teacher conference through the main office when planning to meet teachers. Selma City Schools is asking for the support of parents and all visitors with help in protecting the school day from minor and major disruptions. Parental conferences will only be held with the legal parent or guardian.

COMPLAINTS

Selma City Schools is interested in quickly resolving the complaints of parents experiencing an issue in one of our schools. Parents are asked to initiate contact with the teacher and school principal as the point of contacts. Lastly, when matters cannot be resolved at the school level, parents are asked to contact the board of education for further assistance.
Selma City Schools believes that attending school every day on time is one of the most important and greatest factors needed for students to be academically successful. By attending class regularly, students are more likely to maintain daily lessons and assignments and take quizzes and tests on time. Missing school leads to difficulties for a student academically, socially, and emotionally. Families are asked to contact the school or the board of education as soon as possible if ever facing an issue that can potentially impact student attendance.

**Attendance Required**
Every child between the ages of six and 17 years shall be required to attend a public school, private school, church school, or be instructed by a competent private tutor for the entire length of the school term in every scholastic year except that, prior to attaining his or her 16th birthday every child attending a church school as defined in Section 16-28-1 is exempt from the requirements of this section, provided such child complies with enrollment and reporting procedure specified in Section 16-28-7. Admission to public school shall be on an individual basis on the application of the parents, legal custodian, or guardian of the child to the local board of education at the beginning of each school year, under such rules and regulations as the board may prescribe. The parent, legal custodian, or guardian of a child who is six years of age, may opt out of enrolling their child in school at the age of six years by notifying the local school board of education, in writing that the child will not be enrolled in school until he or she is seven years of age.

**Absences**
Every parent, guardian, or other person having control or charge of any child required to attend public school, private school, or church school, shall as soon as practical explain the cause of any absence of the child under his control or charge which was without permission of the teacher.

**Excused Absences**
An absence from school that fits the following category is considered excused:

- Illness that endangers the student’s health or the health of others.
- Students that are deemed ill by the school nurse on a given day.
- Death of an immediate family.
- Legal quarantine.
- Students that are receiving healthcare, hospitalized, etc.
- Inclement weather that would be dangerous to the life and health of the child as determined by the superintendent.
- Legal requirements for students.
- Observance of any sacred day set aside by a recognized religious denomination of which the student is a member.
- Military deployment date of a student’s parent.
- Emergency conditions as determined by the superintendent.

Prior approval of a non-illness absence must be obtained by the Family Engagement Specialist. **A written request must be made by the parent at least one week in advance of the absence.**

**Unexcused Absence**
Any absence not listed above in the excused absences category or not authorized by the superintendent or designee will be considered unexcused. Examples of unexcused absences are:

- Students that are off school grounds, unapproved, or have an unknown location on a day that the student is scheduled to attend school.
- The student is serving an out-of-school suspension including any days missed immediately preceding the discipline.
- A family vacation.
- Any student scheduled to be in class, but not in attendance.
A student not attending for unknown reasons, although scheduled to attend.

Written Parental Notes
No more than eight (8) parental notes will be accepted per school year. After the eighth parental notice, written doctor’s excuses are required. Student absences will be marked unexcused unless documented by the appropriate doctor’s office or agency. Parental notices must include the students full name, date, and reason for absence. The written notice must be submitted within three (3) days of a student return to school. Parents/guardians are asked to make certain designated school officials receive the written excuse notes. The parent or guardian should keep a copy of the written excuse note for as part of a personal record. If a written excuse note is not turned in, the absence will be considered an unexcused absence. A parent/guardian can request copies of student’s attendance records from the school’s front office.

Late Arrival and Early Dismissal
Students must attend 51% of a school day to be counted present. Check-ins are excused for the same reasons as absences. If a child attends less than one half of a school day, the student will be marked as absent. A written excuse notice should be submitted to the front office in order for the absence to be considered excused. Check-ins for any other reason are unexcused and may impact a student’s overall truancy. Only authorized individuals will be permitted to check a student out of school. Valid picture identification is required. **Students are not allowed to check out after 2:30 pm.

Make-up Work
Students with an excused absence will have the opportunity to make missed work during absences and/or suspension. The absence will not impact a student’s grade unless minor or major assignments are completed and submitted to the classroom teacher. Under special circumstances, the school principal can clear a student with an unexcused absence and provide him/her the opportunity to make-up missed assignments. It is the classroom teacher’s responsibility to inform students of missed assignments, however, it is the student and parent’s responsibility to complete and submit the assignments as requested. The teacher and student will agree on a date that make-up work must be completed by in order for the student to receive credit.

Emergency Closing of Schools
In the event of schools closing due to inclement weather or other reasons, the superintendent’s office will notify parents/guardians via SchoolCast Robo notification call system and the media as soon as possible to all current emergency phone numbers provided by the parent/guardian.

Tardy to School
The official start time of the school day is 8:00 a.m. Students are considered tardy at 8:05 a.m. A tardy is defined as arriving to school after the scheduled start time. Students who arrive after the designated start time of school will be marked as tardy. If students are late, they are expected to get an admit slip to class from the office staff upon arriving at school.

Truancy
Truancy is unexcused absences or skipping school/class for a day or portion thereof. The school staff will complete a series of steps before referring the matter to the Family Engagement Specialist for Selma City Schools. Further action will involve juvenile court as intervention in the student’s truancy matter. If a juvenile court referral is made, the parent or guardian of the student must attend court and be prepared to participate in any other referrals by the court as well as pay the fines that accompany court costs. If the student continues to miss school and remains truant, the court has the authority to recommend other interventions.

If a student has an IEP, the school must hold a Manifestation Determination Review to determine whether the student's absences are related to the student's disability prior to making a referral to juvenile court. If
the student’s disability had a direct and substantial relationship to the absences, a truancy referral to juvenile court will not be made.

**Chronic Absenteeism**
Chronic absence is an Every Student Succeeds Act (ESSA) school quality indicator. Chronic absence, is defined as missing 10 percent of school days within one academic year for any reason. Researchers have defined absences as “chronic” when students reach the level at which a child’s school success is at significant risk. Chronic absence is different from truancy, which counts only unexcused absences, and average daily attendance, which reports the average number of students who attend school each day. **Chronic absenteeism is missing 18 or more days of school for any reason – including excused or unexcused absences.**

**Chronic Health Illness or Condition**
The parent/guardian of any student who has a chronic illness or condition that may cause a student to miss school are asked to provide an authorized physician's notice to the school's nurse as soon as possible. The physician’s notice needs to be provided to the school no later than 10 days after the beginning of the school year and updated annually or as changes in health persist. In order for the notice to be accepted, it must include, the physician’s signature, the diagnosis, the anticipated impact on the child’s school attendance, and on office letterhead. If the child is absent, a written notice must still be submitted directing school officials to “See Doctor’s Letter”.

**Selma City Schools Early Warning Program**
- **Purpose:** The Early Warning Truancy program is a school-community effort to assist public school personnel, parents, and law enforcement personnel in providing for early intervention for children and youth who are truant or in danger of becoming truant.

- **Description:** The program is a joint effort between the Selma City Board of Education and the District Attorney’s office. It is designed to reduce truancy, the number of student dropouts, and to provide an intervention program for student behavior at school.

- **Procedure:** Parents will be notified when truancies have occurred. Should truancies occur, the parent(s)/guardian(s) and child may be summoned to a juvenile court session. Further truancies could result in the filing of a petition.

**SELMA CITY SCHOOLS “BULLYING” POLICY**
No student shall engage in nor be subjected to bullying, violence, threats of violence, or intimidation by any other student that is based on any of the specific characteristics.

The term "bullying" means a **continuous** pattern of intentional behavior on or off of school property, on a school bus, or at a school-sponsored function including, but not limited to, cyberbullying or written, electronic, verbal, or physical actions that are reasonably perceived as being motivated by any characteristic of a student, or by the association of a student with an individual who has a particular characteristic, if the characteristic falls into one of the categories such as student's race, sex, religion,
national origin, sexual orientation, gender identity, disability. To constitute bullying, a pattern of behavior may do any of the following:

- Place a student in reasonable fear of harm to his or her person or damage to his or her property.
- Have the effect of substantially interfering with the educational performance, opportunities, or benefits of a student.
- Have the effect of substantially disrupting or interfering with the orderly operation of the school.
- Have the effect of creating a hostile environment in the school, on school property, on a school bus, or at a school-sponsored function.
- Have the effect of being sufficiently severe, persistent, or pervasive enough to create an intimidating, threatening, or abusive educational environment for a student.

**Reporting, Investigation, and Complaint Resolution Procedures for Bullying**

- Only complaints made on Board-approved complaint forms will be investigated.
- The Selma City Schools Bullying Complaint form will be located at every schools’ front office, board of education, in the back of this book, and on the SCS website.
- This form is only for the reporting of alleged student-on-student bullying.
- The complaint form must be signed by the student alleging the violation or by the student's parent or legal guardian.
- The complaint form must be delivered to the principal or the principal’s designee either by mail or personal delivery.
- Complaint forms cannot come from education personnel on behalf of the student or parent/guardian.
- Incomplete forms will not be investigated.
- Anonymous complaints will not be the basis for student disciplinary action.
- Complaints will be investigated by the principal or his/her designee.

Upon receipt of the complaint, the principal or the principal's designee will, determine if the complaint alleges a serious violation of this policy. If the principal or the principal's designee determines that the complaint alleges a serious violation, the principal or the principal's designee will undertake a reasonably prompt investigation of the complaint.

**Reprisal or Retaliation**

Reprisal or retaliation against any person who reports an act of intimidation, violence, threat of violence, or bullying, is prohibited and appropriate remedial action will be taken against a person who engages in such reprisal or retaliation.

**False Accusations**

A student who deliberately, recklessly, and falsely accuses another student of a violation of this policy will be subject to disciplinary sanctions as outlined in the student-parent resource handbook.

**STUDENT DISCIPLINE AND INTERVENTION**

**Shaping Positive Schools**

It is the mission of Selma City Schools to provide a safe and supportive teaching and learning environment. Our district recognizes that many factors both inside and outside the school building impact our students. SCS is committed to fostering a positive learning environment and meeting the needs of all students in each of our schools. School climate is defined as a product of interpersonal relationships among students, families, teachers, support staff, and administrators. School culture is the set of rules, traditions, and norms that govern the way schools perform daily operations. Positive relationships are critical to creating a positive school climate. It is understood that school staff sets the tone and expectations for the organizations, yet, collective responsibility must be assumed by all stakeholders to improve the quality of education provided in a school.
**Schools with a positive climate and culture have:**

- Positive relationships with all stakeholders, parents/guardians, students, teachers and school staff.
- Training and resources to resolve conflicts peacefully and respectfully.
- Supports for students who are experiencing emotional crisis, trauma or serious challenges in their homes and communities.
- Engaging academic and extracurricular activities for students that meet behavioral and academic needs.
- Effective communication among schools, parents and communities.
- Clean and well-maintained environments that clearly demonstrate school pride and love of learning.
- A learning environment where students and staff feel physically and emotionally safe.

**Safe Harbor Provision**

A student may approach a school official and voluntarily surrender an object, the possession of which is prohibited by these rules, provided the object is one that the student could lawfully possess off school grounds (such as a pocket knife) and is not a firearm. This safe harbor provision does not apply if a search is in progress at the school. If a student approaches a school official and voluntarily surrenders such an object, then the student will not be subject to any disciplinary action under these rules. The principal will make arrangements to return the object to the student’s parents or legal guardian, when applicable.

If a student discovers an illegal item such as drugs, a weapon or other contraband (e.g. tobacco, alcohol) on school property, or a school bus, or at a school bus stop, the student may approach a school official and report the discovery. A student will not automatically be in violation of school codes by solely making such a report. School officials will use discretion in determining whether the circumstance surrounding the report warrant further investigation of the reporting student.

**Expected Behavior of Students**

Students are expected to treat other students with courtesy, respect, and dignity and comply with the Student-Parent Resource Handbook. Students are expected and required to 1) comply with the requirements of law, policy, regulations, and rules prohibiting bullying, violence, or intimidation; 2) refrain from inflicting or threatening to inflict violence, injury, or damage to the person or property of another student; and 3) refrain from placing another student in fear of being subjected to violence, injury, or damage when such actions or threats are reasonably perceived as being motivated by an personal characteristic of the student.

Bullying, intimidation, violence, or threats of violence are prohibited and will be subject to appropriate disciplinary consequences and/or sanctions if the perpetrator of such action is found to have based the prohibited actions on one or more of the following personal characteristics of the students:

- Race
- Sex
- Religion
- National Origin
- Sexual Orientation
- Gender Identity
- Disability

It is a violation for any student, teacher, administrator, or school district employee to violate the personal rights of others. A violation of one’s personal rights is any act of intimidation, harassment, hazing, physical force or threat of physical force directed against all persons or their property or advocate, motivated, either in whole or in part, by hostility to their real or perceived race, ethnic background, religious belief, gender (including gender identity), age, disability or sexual orientation, with the intention of causing fear or intimidation, or to deter the free exercise or enjoyment of any rights or privileges secured by the constitution or laws enacted by the State of Alabama whether or not performed under the color of law.
Applicable Intervention Strategies
To help students conduct themselves appropriately, this handbook lists prevention and intervention strategies that may be used prior to or in addition to any disciplinary response to student behavior.

Examples of such strategies include the following:

- **Conference**
  Involves students, parents/guardians, teachers, school staff and principals in discussion about student misbehavior and potential solutions that address social, academic and personal issues related to the behavior.

- **Conflict Resolution**
  Empowers students to take responsibility for peacefully resolving conflicts. Students, parents/guardians, teachers, school staff and principals engage in activities that promote problem-solving skills and techniques, such as conflict and anger management, active listening and effective communication.

- **Functional Behavioral Assessment:**
  Involves gathering information about a student’s inappropriate or disruptive behavior and determining approaches that school staff should take to correct or manage student behavior. This information is used to develop a success plan for the student.

- **Success Plan**
  An approach to correcting inappropriate or disruptive student behavior through a plan designed by school staff to offer positive behavioral interventions, strategies and supports. This plan is appropriate for students with and without disabilities.

- **Individualized Education Program (IEP) Teams**
  Includes groups of individuals who are responsible for identifying and evaluating students with disabilities; developing, reviewing and revising IEPs for students with disabilities, Functional Behavioral Assessments and Behavioral Intervention Plans; and determining the placement of students with disabilities in a least restrictive environment.

- **Mentoring Program**
  Involves pairing students with mentors (a counselor, teacher and fellow student or community member) who help their personal, academic and social development.

- **Parent Outreach**
  Requires school staff to inform parents/guardians of their children’s behavior and seek their assistance in correcting inappropriate or disruptive behavior. Outreach made in writing or by telephone is intended to make parents aware of students’ behavior, task completion and achievement, and can include a request for parents to accompany students to school.

- **Peer Mediation**
  A form of conflict resolution in which students help other students deal with and develop solutions to conflicts.

- **Response to Intervention:**
  Usually consists of teachers, school principals, behavioral interventionist, and parents and may also include nurses, mental health clinicians, psychologists and external representatives who help develop prevention and intervention techniques and alternative strategies that ultimately lead to student success. When student behavior requires intervention, the Problem Solving Team develops a plan to address the behavior.

- **Community Conferencing**
  Allows students, school staff and others involved in a conflict to discuss the conflict and how it affected them, and to propose solutions.

- **Community Service**
  Allows students to participate in an activity to serve and benefit the community. Examples include working at a soup kitchen, cleaning up public spaces, helping at a facility for the elderly, etc.

- **Referral to Appropriate Substance Abuse Counseling Services**
  Occurs for behavior related to substance abuse, or with those for whom there is reason to believe substance abuse counseling is needed. Services can be school or community based.

- **Referral to Community-Based Organizations**
Can involve a variety of services, including after-school programming, individual or group counseling, leadership development, conflict resolution and tutoring.

- **Referral to School-Based Health and Mental Health Services**
  Provides counseling and assessments to students in need. Students are encouraged to privately share issues or concerns that lead to inappropriate or disruptive behavior or negatively affect academic success. In counseling sessions, students discuss goals and learn techniques that help them overcome personal challenges. Parents are to be regularly informed of student progress during counseling sessions and at school. Sessions can also involve family members or can be done in groups.

- **Restorative Justice Strategies**
  Interventions designed to identify and address the harm caused by an incident and to develop a plan to heal and correct the situation.

**Student Disciplinary Practices and Procedures**
Discipline is used to teach and guide students how to recognize and manage emotions, demonstrate care and concern for others, develop positive relationships, make good decisions, and behave ethically, respectfully and responsibly.

**Discipline Responses**
Students are held to high academic and behavioral standards. Students are expected to demonstrate respect for themselves and others at all times. When students are disruptive or act inappropriately, school staff and principals are expected to respond logically, appropriately and consistently. The SCS Discipline Table describes five types of behavior, increasing in seriousness from a Type 1 behavior to a Type 5 behavior. For example, a dress code violation is a Type 1 behavior, while bringing a firearm to school is a Type 5 behavior.

The table also includes five levels of possible response to inappropriate behavior (Types 1 through 5). Each behavior is assigned to one or more of these types of responses. Principals and school staff should use only the levels suggested for each behavior. Responses and interventions are to be progressive. If a behavior is assigned to two or more types of responses, the lowest level of intervention should generally be used first. Please see the Discipline Table.

When choosing a higher-level response within the range of possible responses, an administrator must consider:
- The student’s age, health, disability, decision-making ability and prior discipline history
- The student’s willingness to repair the harm
- The seriousness of the act
- The harm caused or the potential to cause, including any injuries caused
- The extent of actual disruption to the learning environment
- Whether the act was intentional

An administrator must clearly document the reasons for using the selected response by citing the factors above in the discipline referral. In each case, district administrators and staff will ensure consequences applied will minimize the amount of instructional time lost. Suspensions and expulsions are measures of last resort. Student expulsion will only be considered for behaviors classified as a Type 5 Zero Tolerance Offense.

**Principal’s Authority in Secondary Schools**
The principal is granted authority to modify the consequences (within board policy) for violating a rule indicated in the Student-Parent Resource Handbook by exercising good judgement in consideration of extenuating factors presented by district employees, the student or the student’s parent or representative. Such factors may include, but are not limited to, the age of the student, the seriousness of the offense, the prior discipline record of the student, the degree of disruption of the educational process, and any other
relevant factors. Repetitive instances of persistent and willful disobedience in misconduct will be handled according to this handbook and at the school principal discretion, within board policy.

DISCIPLINARY CONSEQUENCES & PROCEDURES

Corporal Punishment
Corporal punishment is a consequence for student discipline. Parents have the authority to opt your child out of this consequence. Parents must submit the opt out/permission form and/or a written letter explicitly requesting that corporal punishment not be administered by school officials within the first five (5) days of the new school year. Prior to the administration of corporal punishment, the principal/designee will conduct an investigation into the incident determine if the consequence is warranted, the student will be informed of the reason for the punishment, and will be given an opportunity to explain his/her actions. Additionally, even with parental consent, the parent will be contacted prior to corporal punishment being administered.

When corporal punishment is used:
- It must be administered by the principal, assistant principal, or a designee in the principal’s presence.
- It must be administered without anger or malice and shall not be administered in the visual presence of another student.
- A certified witness, preferable the same sex of the offender must be present during the administration of corporal punishment.
- The principal will prepare a written report to be kept on file.

Procedures for Student Fights
It is important that all of Selma City Schools are safe and conducive to learning daily. It is not permissible for school officials to tolerate fighting or other forms of assault to occur inside the confines of a school building, on school grounds, or at any school function. Fighting is a violation of the Alabama Code Title 13A. Criminal Code § 13A-11-7, which reflects as disorderly conduct.

Fighting is an unacceptable behavior. A fight is defined as a physical altercation occurring between two or more students. The physical nature of a fight includes but is not limited to hitting, punching, poking, grabbing, pulling and pushing, and kicking. A group fight is defined as an altercation that may include more students against one or a few students or multiple individual fights. Any student who engages in such action as defined above will be disciplined according to district’s procedures and state law.

Steps for addressing fights:
- Student tells his/her side of the story and has an opportunity to write a statement.
- The principal/designee will collect evidence from both parties and any witnesses.
- The principal/designee will investigate the incident to gather evidence and determine if further consultation with school staff or teams is necessary.
- The principal/designee will conference with the parent or guardian of all involved parties.
- Based on the circumstances and evidence gathered regarding the infraction, the principal/designee will recommend a disciplinary action using the guidelines.
- Disciplinary action for fighting will progress as described below:

Students who engage in fights will be disciplined according to the levels of offenses.
- **First Offense:** Up to three (3) days out of school suspension or up to five (5) days in-school suspension.
- **Second Offense:** Up to five (5) days of out-of-school suspension or up to ten (10) days assigned to in-school suspension.
- **Third Offense:** Up to ten (10) days of out-of-school suspension and possible placement in the Alternative Learning Center (ALC) for up to 45 days due to reoccurring applicable behaviors.

**Group/Gang Fighting**
First Offense: Up to five (5) days of suspension along with placement in the ALC for up to 45 days.
Second Offense: Up to 10 days for fights that are deemed as group-fighting, gang-related, and/or riotous along with placement in the ALC for up to 45 days.

Students will be able complete all coursework. School counselors will provide counseling along with wrap around services to help with anger management strategies. Students will be referred to the Problem Solving Team for additional support and monitoring. At the secondary level, a Success Plan will also be completed by the behavioral interventionist. Upon returning to school, students will be required to meet with the school principal/designee to revisit school-wide expectations for positive behavioral and to sign a behavioral contract.

Principal’s authority will be applicable as the exception to this procedure in agreement with a central office administrator.

Discipline for Special Education
If a student who receives special education services or a student who has an Individualized Education Program (IEP) violates school rules or district policies outlined in this handbook, he or she will be disciplined in accordance with district policy and state and federal laws that govern Special Education, such as the Individuals with Disabilities Education Act (IDEA).

Out of School Suspension (OOS)
Suspension from school includes instances in which a student is temporarily removed from his/her regular school for disciplinary purposes as a consequence to a behavior identified as either a Type 2, 3, 4, or 5 infraction. For students with disabilities, this includes both removals in which no IEP services are provided because the removal is ten days or less as well as removals in which the child continues to receive services according to his/her IEP while suspended.

Procedural Steps for Suspension
Because students are entitled to their fair due process when suspended, the principal/designee will:

1. Inform the student(s) about the infraction in which he/she is supposed to have committed and the basis for the decision.
2. Confer with the student(s) to discuss the infraction and to obtain verbal and written statements from all involved parties, including witnesses. This step is important because involved students will be given an opportunity to share the facts from their perspective.
3. Share the information gathered from the investigation from the perspective of all witnesses including any video surveillance.
4. Provide the length of the suspension and any further pending actions, including behavioral intervention as determined by the principal.
5. Upon suspension of any student, a parent or guardian will be notified in writing and via an attempted phone call.
6. If the suspension does not require further due process proceedings, a hearing will not be required.
7. May recommend the immediate removal a suspended student to restore order, to further investigate the misconduct or to protect persons on the school grounds. If remaining on campus, suspended students will be placed in in-school suspension to avoid another disciplinary infraction. **In this case, suspended students can only be released in the care of a parent/guardian.**

Students will be referred to the Problem Solving Team if suspended from school three or more days for additional support and monitoring. The purpose of the referral is to improve the behavior. A suspension from school is an excused absence and all missed assignments can be made up. Suspended students are
not allowed on any SCS school properties nor can participate in any school-sponsored activities/events [e.g. school dances, athletic sporting events, graduations, etc.]. If a student is suspended on an instructional day that is cancelled because of inclement weather, any scheduled suspension days must be made up on the days following the inclement weather days.

Suspension Appeal
A parent/guardian of the suspended student have the right to appeal the suspension within two days of the suspension by visiting the central office at 334-874-1600 to confer with a school support administrator or to arrange a conference.

DUE PROCESS HEARINGS AND PROCEDURES

Alternative School Placement
Placement in the alternative school as a punitive measure as a result of a behavior listed in Types 3, 4, or 5 requires a due process hearing. A student cannot be expelled or sent to the alternative school prior to receiving a due process hearing. A central office administrator will conduct the hearing and the other participants must include the student, a parent or guardian, the school principal or designee, and other members of the hearing panel. A principal/designee can recommend a student for a due process hearing and the student may be suspended pending the results of the hearing. Based on the recommendation, the superintendent or designee must approve a student's placement in the alternative school.

Overall, an alternative school is an educational setting designed to accommodate educational, behavioral, and/or medical needs of students who cannot be adequately addressed in the traditional school environment.

Expulsion
Expulsion is a measure of last resort. Prior to expulsion, all of the following factors must be considered: the seriousness of the act; the harm caused, including any injuries; the student's willingness to repair the harm; the extent of the actual disruption to the learning environment; whether the act was intentional; the student's age, health, disability, decision-making ability and the student's prior discipline history. Expulsion eradicates Selma City Schools Board of Education from its educational obligation to the student.

Procedural Steps for Due Process
1. The school principal determines the extent of an offense for which alternative placement or expulsion may be warranted based on the behavioral classification committed by the student and submits a completed due process referral with documentation. Immediately following an incident or violation, the principal is authorized to suspend the student for a period not to exceed ten (10) days pending an expulsion hearing.

2. A due process hearing will be scheduled within five (5) days of receiving the principal's recommendation by the central office administration hearing panel.

3. The due process hearing will be facilitated by a central office administrator to include the student, a parent or guardian, the principal or designee and other hearing panel members. If a parent or guardian cannot be contacted, due to out-of-date demographic information, and/or refusing to attend the meeting, the meeting will still be held.

4. Each party will be provided an opportunity to tell his/her side and present evident of support to include but are not limited to video, witness statements, etc.

5. A meeting review will be submitted to the superintendent or designee to approval or denial of the recommendation. Additionally, the superintendent or designee may recommend a disciplinary action other than the alternative school or expulsion based on the information shared during the hearing.
6. For alternative school, the student and parent will be notified by central office when to report to the alternative school at the conclusion of the hearing.

7. For expulsions, if approved, the superintendent will present the information to the board of education for a final decision. The student, parent, and any other witnesses will be invited to attend the upcoming board meeting to address and testify before board members. The student and parent will receive a final decision via mail.

8. For students with disabilities, due process hearings will include the director of special education or a designee to ensure the rights of students and parents are protected. Prior to the hearing for a student receiving special education services, a manifestation determination review must have taken place at the local school to address the behavior associated with the infraction for which the due process hearing was recommended. It is required and mandatory that the review take place prior to any recommendation for either alternative school or expulsion are considered. Students with disabilities who are placed in the alternative educational setting still must receive special education services.

Modification of Alternative School Placement Request
A request for modification of an alternative school placement should be submitted in writing to the superintendent/designee for consideration in changes to the terms of the alternative placement, including but not limited the number of days. The modification will only be considered when a student’s placement is 45 days or more. Only the superintendent has the ability to modify an expulsion and consider the requests on a case-by-case basis. The written request should include a statement of reasons supporting the modification. The superintendent will respond to the request with a decision within a reasonable time, which will not exceed 21 calendar days from receipt of the request. The superintendent is not required to provide an explanation of the decision.

Expelled Students Prohibited Attendance at School Events
The expelled students are prohibited from attending any school-related events, extracurricular activities and/or games, programs, productions, etc. on any campus belonging to Selma City Schools before, during, or after school. If doing so, student may be arrested for trespassing. As well, if expelled, a student will not be allowed to make-up assignments.

Expelled Student Appeal Request
The board shall have no obligations to consider readmission for any student who has been permanently expelled from school. The board will not consider and shall deny all requests for readmissions made within twelve months of the decision to expel. The board will not consider and shall deny all requests for readmission by students who were expelled for, withdrew pending an expulsion hearing for, have been charged with or convicted of any of the following:

- Possession or use of a weapon at school property or at any school function or activity;
- The sale, possession, or use of any illegal drug or substance on school property or at any school function or activity;
- Any conduct that could constitute or be classified as a felony under Alabama criminal laws; and;
- Any conduct, which the Board deems in its sole discretion, to have caused, was intended to cause or created a substantial risk to the safety and welfare or another student, teacher or person.

A student who has been expelled may submit a written request to be considered for readmission by following the procedures outlined in the Board Policy (JDEF) Request by Expelled Student for Readmission.

Upon receipt of a written request for readmission, the board may summarily deny the request without a hearing or may grant a hearing before the members on request. If the board fails to act and/or schedule a hearing on a request within 30-days after receipt of request, the request for readmission shall be deemed denied by the board. If the board grants a hearing, the student and the student's parents/guardians shall
be notified of the date, time, and place of the hearing. The student and student’s parents/guardians may, but shall not be required to, be represented by legal counsel at the hearing. The hearing before the board shall be closed to the public. The failure of the student and parent/guardian to appear at the hearing will not negate a decision from being made.

**Non-School Related Arrest for Criminal Conduct**

It is the intent and duty of the Selma City Board of Education to provide students, teachers, staff, and administrators with educational settings that are safe, orderly, and conducive to learning. Therefore, if a student is charged with a crime that is a felony, of a violent nature, or involves a deadly weapon, the school principal shall notify the superintendent/designee and apprise him/her of the arrest and/or placement into a confined facility.

If released pending a future court appearance, the student will be suspended and may not be readmitted to school until the criminal charges have been disposed of by the appropriate authorities. This step will be taken for the protection of all stakeholders. A hearing will be arranged within five (5) days to consider the seriousness of the charges affording the student and parent/guardian an opportunity due process. One of the following recommendations will be made at the hearing:

- The student will be placed in the alternative program until criminal charges have been disposed of by appropriate authorities.
- The student will be placed in a homebound setting or at a neutral site until criminal charges have been disposed of by appropriate authorities.

During this period of time, the student will not be allowed to attend school-sponsored or non-sponsored activities on any of the Selma City Schools campuses including attendance at any extra-curricular activity or game, program, production, etc. If discovered any campus, the violation may be reported to the proper authorities as trespassing.

**Returning to School from Juvenile Detention Facility**

The student will be transitioned through the alternative learning program for a 10-day intervention period.

**Student Arrest**

The principal/designee will attempt to contact the parent/guardian through the contact information provided in the case of a student’s arrest at a school or a school-sponsored activity.

**SCHOOL BUS DISCIPLINE**

The principal/designee has the authority to deny a student the privilege of riding a school bus. The denial, based on the misconduct will be for a responsible and specified period of time. The parent/guardian will be notified prior to the suspension from the bus. Alternative consequences may be developed by the principal/designee as circumstances warrant. Bus drivers will explain the rules for riding the bus to students as often as needed. The procedures specified in the disciplinary action for school bus offenses may not be followed for serious misconduct.

**Expectations for Student Behavior on Selma City Schools Buses**

Students are expected to:

- Always follow the instructions of the bus drivers and aides.
- Show respect for everyone.
- Remain seated and facing forward in assigned seat.
- Keep head and arms inside of the bus.
- Keep feet and backpacks out of the aisle.
- Keep hands, feet, and other objects to self.
- Talk with an inside voice without the use of profanity and/or vulgarity.
- No talking at railroad crossings.
- Silence electronic devices and no talking on the phone while riding the bus.
Consequences for Disciplinary Misconduct

- **First Referral**: Student-Principal/Designee Conference, copy of the referral to parent/guardian and attempted phone call to parent.
- **Second Referral**: Bus privilege denied for three (3) days or as designated by the principal/designee and required parental conference before riding again.
- **Third Referral**: Bus privilege denied for five (5) days or as designated by the principal/designee.
- **Fourth Referral**: Bus privilege denied for 10 days or as designated by the principal/designee, required parental conference, and student behavioral bus plan signed.
- **Subsequent Suspensions**: Consideration for semester-long suspension and/or the remainder of the school year as designated by the principal/designee.

The principal/designee may use principal’s authority when assigning the consequence based on the severity of the infraction. Any damages to the bus as a negligence by students will result in reimbursement by the parents/guardians. Parents are responsible for providing transportation for students suspended from bus transportation privileges.

**Bus Suspension for Students w/IEP or 504 Plan**

Whether a bus suspension would count as a day of suspension would depend on whether the bus transportation is a part of the child's IEP or 504 Plan. If the bus transportation is a part of the child's IEP/504 Plan, a bus suspension would be treated as a suspension unless the public agency provides the bus service in some other way. If the bus transportation is not a part of the child's IEP, a bus suspension would not be a suspension. In those cases, the child and his/her parents would have the obligation of ensuring the child’s transportation to and from school.

**Fighting on the School Bus**

Students fighting on the school bus create a dangerous situation for themselves and others. The following procedures have been adopted to address the problem.

**Due to the seriousness of the offense, fighting on the bus carries a five (5) day mandatory out-of-school suspension plus:**

- First Fight: minimum of 10-days suspension from the bus.
- Second Fight: minimum of 20-days suspension from the bus.
- Third Fight: minimum of 30-days suspension from the bus.
- Fourth Fight: 45-days suspension from the bus starting the date of occurrence.

**SPECIAL POPULATIONS SERVICES**

**Special Education**

Selma City Schools provides a free, appropriate public education for students with disabilities between the ages of three (3) and 21, including children with disabilities who have been suspended or expelled from school. An eligible student for special education services must be identified according to the definitions, criteria, and minimum evaluative components set forth by federal and state regulation. All guidelines of the Individuals with Disabilities Education (IDEA) will be strictly observed even when disciplining identified students.

**Eligibility for Special Education Services**

Selma City Schools is in the continuous process of identifying and locating children in need of special education services. If you think your child may be in need of such services, contact your child’s teacher or the school principal to request in written an evaluation for special education services. The Problem Solving Team will review the request and work with the classroom teacher to facilitate the process. A formal intervention plan must be implemented either before or during the special education referral process. The success of the intervention plan is one of many determining factors of eligibility for special education.
Child Find
Eligibility for special education and related services is based on a referral, evaluation and the statewide placement process. To meet the needs of children with exceptionalities, certified special education teachers and related service personnel provide services. Staff members and parents can make a referral for special education services regarding a particular student to the Problem Solving Team or you may contact the principal or special education director.

Protections for Children Not Yet Eligible for Special Education and Related Services
If a child has not been determined eligible for special education and related services and violates a code of student conduct, but the school district had knowledge (as determined below) before the behavior that brought about the disciplinary action occurred that the child was a child with a disability, then the child may assert any of the protections described in this notice.

Basis of knowledge for disciplinary matters: A school district must be deemed to have knowledge that a child is a child with a disability if, before the behavior that brought the disciplinary action occurred:

- The parent of the child expressed concern in writing to supervisory or administrative personnel of the appropriate educational agency, or a teacher of the child that the child is in need of special education and related services;
- The parent requested an evaluation related to eligibility for special education and related services under Part B of the IDEA; or,
- The child’s teacher, or other school district personnel, expressed specific concerns about a pattern of behavior demonstrated by the child directly to the school district’s director of special education or to other supervisory personnel of the school district.

A school district would not be deemed to have such knowledge if:
- The child’s parent has not allowed an evaluation of the child or refused special education services; or
- The child has been evaluated and determined to not be a child with disability under Part B of the IDEA.

Gifted Education
Selma City Schools provided gifted educational services for eligible students in Grades 3-8. Gifted students are those who perform and/or demonstrate the potential to achieve at high levels in academic or creative fields when compared to their age, experience, and/or environment. Such students require services not ordinarily provided by the regular school program. Teachers, counselors, administrators, parents/guardians, peers, self or any other individuals with knowledge of the student’s abilities may refer a student. Accommodations in the general education classroom must be provided for the times that the gifted students are in pullout classes.

Section 504 Students
Section 504 of the Rehabilitation Act of 1973 and Title II of the Americans with Disabilities Act 1990 prohibits discrimination on the basis of disabilities. Section 504 provides that no otherwise qualified individual with handicaps in the United States solely by reason of his/her handicap, be excluded from the participation in, be denied the benefits of, or be subjected to discrimination under any program or activity receiving federal financial assistance.

Section 504 guarantees students with disabilities the right to an equal educational opportunity. Qualified students who have a physical or mental impairment that substantially limits one or more major life activities, has a record of such impairment, or is regarded as having impairment must be provided a Free Appropriate Public Education (FAPE) and have procedural safeguards under the law.

To be eligible as a student with a disability under Section 504, a student must be evaluated and determined eligible under Section 504 by a 504 school-based team. Families who suspect their child has a disability
may submit a verbal or a written request to the school counselor in each school with Selma City Schools who also serves as the Section 504 coordinator.

If a student who has been determined eligible under Section 504 violates school rules or district policies outlined in this handbook, he or she will be disciplined in accordance with district policy, state and federal laws that govern Section 504 of the Rehabilitation Act of 1973 and IDEA.

**Appeal Process**
If the parent/guardian wishes to appeal the decision, he/she may submit a signed statement of appeal to the 504 district coordinator within 10 days after receipt of the school’s decision by contacting central office at 334-874-1600 and submitting a written request for appeal.

In addition to that, minor medical issues that arises during the school day to assist acute and chronic medical issues are addressed. An attempt to notify parents/guardians will be in cases of contagious illnesses, accidental injuries, and other acute or emergency illnesses. Such notifications may require parents/guardians to pick-up the student.

**Students should never have any medications in purses, backpacks, lunch boxes, etc.** The only exception is emergency medication such as asthma inhalers, EpiPens, etc. Prescribed and documented by the student’s physician to self-medicate. Failure to comply with this policy could result in suspension, alternative school placement, or expulsion.

**Health Screenings**
As mandated by the State of Alabama, the school district provides health screenings. Parents/guardians will be asked to confirm their permission before vision health and/or dental screenings are performed at the school. Unless you deny permission, your child will be included in the available health screenings.

**Medication Administration Information**
In order for the school nurse or designee to administer medications during school hours, parent/guardian must follow the guidelines below:
- If a student has an acute or chronic illness and prescription medication is necessary, the parent is required to submit a completed Prescriber/Parent Authorization (PPA) form. Both the physician and parent/guardian information and signature are required.
- All medications must be provided and delivered by the parent/guardian to the school nurse/health room. This includes prescription and over-the-counter medications (i.e., Tylenol, Advil, cortisone creams, triple antibiotic ointments and/or creams, Benadryl, cough medicines, and etc.).

OTC medicines will not be given longer than 10 days without a physician's order.

• All medications are given by a licensed nurse or an authorized medical assistant who has completed and passed a course curriculum.

Note: The prescriber/parent authorization forms may be faxed. For more information, parents are asked to call the school to verify the best fax number to reach the nurse.

Health and Wellness
The federal government passed a law that governs health and wellness in public schools. The district has established a policy in accordance with this law that includes physical activity and food services on school property. Transcripts of permanent records will be sent to other schools in which a student enrolls, or intends to enroll when requested by school officials or when requested by the parent/guardian, or eligible-aged student.

Threat of Suicide
If a threat of suicide is reported, the principal or the principal’s designee will inform the student’s parent or guardian of the report unless at the discretion of the school principal or the principal’s designee the apparent cause of the threat of suicide is child abuse or other significant harm from a parent or guardian.

Transportation of Students to Medical Facilities

Emergency personnel will make the determination of whether to transport the child to a medical facility. Every effort will be made to contact the child’s parent or guardian; however, if the parent or guardian cannot be reached, the child will still be transported to a medical facility for emergency treatment. The school district is not responsible for costs associated with emergency transport.

Immunization

When the school is on lockdown due to a security or weather-related issues, the first priority is the safety of staff and students. Parents or other visitors to the building must follow school emergency procedures under the direction of school staff until the lockdown is lifted. During a security lockdown, no one is permitted to enter the building from the outside. In weather-related lock downs, schools may allow those outside to seek shelter indoors until it becomes necessary for staff to take shelter.

**Searches and/or Inspections of School Property**

The following procedures apply to the search of lockers, other areas of school property, including buses, assigned or accessible to students for the holding or storage of property, packages and containers brought onto school property by students and visitors. Lockers and other storage areas are the property of SCS and are subject to search. The search will be conducted by the principal or his/her designee in the presence of an adult witness.

- There should be reasonable suspicion for school authorities to investigate a student or visitor and their possession of items that will constitute a crime or school rule violation.
- If circumstances in a particular school dictate, either a general or random search of lockers or other school property accessible to students may be conducted.
- A notice will be posted at all schools that lockers and other storage areas, containers and packages brought into the school by students or visitors are subject to search for drugs, drug paraphernalia and weapons.

The following procedures apply to the search of a student for items in his/her immediate possession. The search will be conducted by the principal or his/her designee, in private, in the presence of an adult witness. In situations where there is an immediate threat to the safety and welfare of students and staff, in the school official’s judgment, and the immediate control of the student and item(s) that are subject of the search is necessary, a search may be conducted in a non-private setting and without an adult witness, provided all of the requirements of reasonableness above are met.

The following procedures apply to item(s) discovered and/or seized in the course of searches conducted on school facilities. Any item reasonably felt to necessitate criminal prosecution will be turned over to the appropriate law enforcement officials. School authorities may seize any item reasonably felt to be a threat to the safety of others or is used to disrupt or interfere with the educational process.

Progress reports generated by INOW will be provided to parents at according to the calendar established by Selma City Schools. Additional progress reports can be issued at the request of parents and the agreement of schools. Progress reports should be signed by parents and returned to the school to be filed student work file.

Report Cards
Report Cards are designed to provide an evaluation of student progress to the student and his/her parent/guardian. Report cards are issued four (4) times during the scholastic year to all students enrolled in Grades K-12 in the Selma City Schools district. Students and parents/guardians are responsible for safeguarding report cards while they are in their possession.

Transfer Student Grades
When students transfer from other school districts, grades are accepted at face value. Parents/guardians are encouraged to communicate with the guidance counselor and classroom teacher concerning transfer grades from the other school.

Conduct Grades
Student conduct will not be considered when determining academic grades. Classroom conduct will be assigned in grades K-5 based on the following scale:

- S= Satisfactory
- N= Needs Improvement
- U= Unsatisfactory

Make-up Missed Assignments
In the event students are absent (excused) from school, they will be afforded the opportunity to make-up missed work. When students return to school, the teacher will provide appropriate instruction, provide students with an opportunity to complete missed work, and the teacher will evaluate the missed work and assign the earned grade.

PROMOTION AND RETENTION

Throughout the school year, parents/guardians and students will be provided written or oral evaluation reports. Promotion of a student from one grade to the next shall be based on that individual student’s achievement of the minimum skills necessary to qualify for promotion and on regular school attendance.

Kindergarten Promotion/Retention
State rules and regulations, as well as district requirements, will be followed regarding assessment procedures and criteria used to determine the readiness of a kindergarten student for first grade. Because kindergarten is not required in the state of Alabama, the teacher, parent or guardian, and principal must agree upon the necessity for retention of a kindergarten child based on records kept by the teacher. Appeal of the decision may be made to the Department of Teaching and Learning in writing prior to June 15th.

Promotion Criteria for Grades 1-12
A passing grade (60 or above for yearly average) is required in each of the following academic core subjects: English Language Arts (reading), mathematics, language, science and social studies. Additionally, all required courses failed must be repeated.
Special Education Students
The Selma City Schools Board of Education also recognizes and accepts the classification of students identified as exceptional. Requirements for promotion of these students shall be in accordance with the Individual with Disabilities Education Act (IDEA) as well as with comparable state regulations. Accordingly, all students who are classified under any special education category shall have their achievement levels for promotion and retention established by an Individualized Educational Program. If a student is receiving all instruction in a self-contained special education classroom or is receiving instruction in a subject in both the regular and self-contained classrooms, the Individualized Education Program (IEP) developed by the IEP team will govern promotion.

The 504 Student Planning Team will determine promotion and retention for students classified under Section 504.

These regulations and procedures shall be strictly complied when promotion and retention decisions are rendered. Students who have been retained must be referred to the Problems Solving Team for formalized, needs-specific, and documented support.

INSTRUCTIONAL SUPPORTS AND SERVICES

Multi-Tiered System of Support
A multi-tiered System of Support (MTSS) consisting of the instructional framework as well as a well-integrated system of support in the areas of academics, behavior, attendance, and social-emotional learning will be implemented district-wide for ensuring that all students are afforded a high quality and equitable education. MTSS will provide all students in need of assistance with individualized as well as personalized intervention that match their academic, behavior, attendance, and social-emotional needs.

Counselling Services
Personal concerns of students can seriously limit or enhance educational development. Schools have the responsibility to provide a guidance program and to make relevant and objective information available to students in such a manner that it will enhance educational development.

Online Learning
Multiple online learning platforms will be employed by the school district to offer students with expanded learning opportunities, including remediation, enrichment, dual enrollment, and credit recovery opportunities.

Career Technical Education (CTE)
Selma City Schools assists our students with forming career pathways as early as kindergarten. In particular, career technical education is geared towards preparing today’s students for tomorrow’s leaders. Direct pathways have been established that will lead students in the direction of being able to select and grown in a career pathway beyond high school. By sixth grade, the following pathways are available to pupils based on their choice:

Dual Enrollment/Dual Credit for High School Students
Institutions within the Alabama College System are authorized to establish dual enrollment/dual credit programs with local boards of education in the college service area. Courses offered by postsecondary institutions shall be of postsecondary level and enrolled students must pay normal tuition as required by the postsecondary institution, or as stipulated if a contract for services between the two levels. The tuition may be paid by the board of education for sponsored programs. A student is eligible for dual enrollment/dual credit if the student meets the following criteria:

- The student must meet the entrance requirements established by institutions of postsecondary education.
- The student must have a 3.0 average in completed high school courses.
- The student must have written approval of the appropriate principal and the local superintendent.
- The student must be in Grade 10-12, or have an exception granted by the participating postsecondary institution upon the recommendation of the students’ principal and superintendent and in accordance with Alabama Administrative Code 290-8-9-17 regarding gifted and talented students.

Students may enroll in occupational/technical courses/programs in accordance with guidelines of the Department of Postsecondary Education. Students enrolled in courses offered during the normal high school day on or off the high school campus shall have prior permission of the students’ principals, superintendent, and the participating postsecondary institution president.

Parental permission and travel for courses offered off the high school campus during the normal school day will be administered under the auspices of the board of education. Credit agreements shall be developed between the participating postsecondary institution and the local board of education.

English Learners (EL)
Since Selma City Schools receives federal funds, federal law requires the district to assess every student when language proficiency might be an issue. The school district is required to offer EL services to all students not proficient in English to ensure they have equal access to academic content in school.

EL Assessment and EL Services
To ensure a student is receiving the best support, the district will assess English proficiency. The WIDA-Access Placement Test (W-APT) has no bearing on school assignment or grade placement. It simply gives teachers a better understanding of the language support the child will need in the classroom as an English Learner. When students are identified as English Learners, they will receive EL services during the regular school day from an ESL-endorsed teacher. Students who are deemed proficient in English through the W-APT do not receive EL services.

After the initial placement assessment, all English Learners are assessed annually for English proficiency through the ACCESS for ELLs. If the student scores proficient, he/she will be “exited” from EL services.

Fee Waivers
The school may assess board-approved fees for laboratory and classroom materials. Such fees are waived for students who qualify for those supported under the McKinney-Vento Act.

HIGH SCHOOL (ONLY) GRADING PROCEDURES

III. Compliance – The general conduct of students applying for early graduation will be reviewed in relation to truancy, tardiness, detentions, and suspension prior to approval.

Semester Examinations

Results from semester/final examinations will be weighed when calculating student averages using larger weights than a regular test. Semester and final examinations will consist of 20% the semester/final grade averages. The overall final grade percentage for each grading period and semester/final are reflected in the table below.

High School Exam Exemption

Students in Grades 9-12 will take a final examination for each course enrolled. All final examinations will be administered according to a schedule approved by the superintendent/designee.
Students in Grades 11-12 must earn an “A” in a course with no more than three (3) excused absences, 3 excused tardies, and with no out of school suspensions may earn exemption from the qualifying course. A student is not eligible for exemption if he/she has unexcused absences or tardies.

Grade Point Average
For students in Grades 9-12, all grades in all courses taken will be considered as part of the grade point average. Grade averages will be added and divided by the total number of term grades. When necessary, grades must be assigned the following point values to calculate the grade point average: A-4; B-3; C-2; D-1; and F-0.

- Grades from honor courses will be weighted at the following point values: A-4.5; B-3.5; C-2.5; D-1.5; and F-0.
- Grades from advanced placement and dual enrollment courses will be weighted at the following point values: A-5; B-4; C-3; D-2; and F-1.

The point values must be added and divided by the total number of semester/term grades. The grading system used to measure student progress toward achieving the predetermined performance standards shall be applied consistently throughout the school district.

Valedictorian and Salutatorian
The following are criteria for determining who may be eligible for valedictorian, salutatorian, and honor line or top ten percent of the class in the Selma City School district.

- Candidates for valedictorian and salutatorian must have completed 3 consecutive terms at the local high school.
- Grading in advanced placement courses and dual enrollment courses will be weighted by adding 1 point on a four-point scale and grading in honors courses will be weighted one-half (1/2) point higher than the regular grade on a four-point scale per term. Term grades are to be weighted using the following: A is to be weighted as 4 points plus 1 or 1/2; B is to be weighted as 3 points plus 1 or 1/2; C is to be weighted as 2 points plus 1 or 1/2; D is to be weighted as 1 point plus 1 or ½.

- One term equals one nine-week grading period.

No points will be added to term grades for regular courses. This means that A is equals to 4 points; B is to be equal to 3 points; C is to be equal to 2 points; D is to be equal to 1 point; and F is to be equal to 0 points. Candidates for valedictorian and salutatorian will be selected at the completion of the senior year so that all course work is included in the calculation of the final GPA.

A committee including the superintendent/designee will resolve any unusual situations or circumstances that may arise.

Carnegie Units
Placement of students in Grades 9-12 is determined by the number of credits earned by the beginning of the school year. Students must earn the minimum number of Carnegie Units (credits) necessary for grade placement above Grade 9 as indicated below:

- 10th Grade – 8 credits
- 11th Grade – 16 credits
- 12th Grade – 24 credits
- Required for Graduation – 28 credits

Credit Recovery
In accordance with the guidelines of the Alabama Department of Education, Selma City Schools will offer students who have received a failing grade average of 40 through 59 in courses that are required for graduation an opportunity to recover the lost credit through a standards-based approach that will target specific knowledge and skill deficits instead of requiring the student to repeat the entire course. Such students must meet eligibility requirements to apply. Both parent/guardian and student must sign a contract regarding the terms of this program.
Graduation Diplomas
In order to participate in graduation exercises, all students must complete and fulfill all requirements for graduation in accordance with the diploma type selected.

- **Alabama High School Diploma – Standard**

- **Alabama High School Diploma with Advanced Academic Endorsement**
  In order to receive an Advance Endorsement all core classes must be Advanced level classes or higher in conjunction with two (2) foreign language courses. A student cannot fail more than one (1) core course while under the Advanced Endorsement. If two (2) or more courses are failed, the student automatically defaults to the Standard diploma.

- **Students with Disabilities in the Special Education Program**
  Students with disabilities have three (3) pathways for earning the Alabama High School Diploma: General Education Pathway, Essentials/Life Skills Pathway, and Alternate Achievement Standards (AAS) Pathway. The IEP team, including the parents, will determine which pathway is appropriate for the student.

**REQUIREMENTS FOR ATHLETICS**

Eligibility for Athletics
Eligibility for athletic participation in SCS is governed by the Alabama High Schools Athletic Association (AHSAA), district policy. Students who withdraw from a school of choice will lose athletic eligibility for one calendar year, subject to AHSAA decisions. Students must submit required documentation to the school office prior to participating in athletic programs and practices.

No Pass, No Play
The No Pass No Play rule stipulates that Alabama public school students who participate in extracurricular activities must achieve a passing grade (70% or higher, 60% or higher for Pre-AP or AP courses) each grading period in order to qualify to continue participating in athletics and extracurricular activities. If students receive at least one failing grade on their report card during a given grading period, that student is forbidden or ineligible to participate in extracurricular activities until the failing grade or grades have been improved to passing levels.

**TECHNOLOGY EDUCATION**

Acceptable Use Policy
The use of Internet and other instructional technology programs is part of the information and research services offered to students who attend Selma City Schools. This service is designed to provide access to Internet servers, instructional web sites, electronic mail, and other technological software designed for instructional purposes. Students will not be permitted to use the Internet or e-mail at school unless the parent or guardian signs the Acceptable Use Policy notice in the back of this handbook.

Internet services provide access to a global network allowing students to explore thousands of educational resources. Through the use of electronic mail, students can communicate with other users around the world. However, with this access to computers and people around the world also comes the availability of material that may not be considered of educational value in the context of the school setting. While Selma City Schools has taken precautions to restrict access to controversial materials, it is impossible to control all materials which might be found either intentionally or unintentionally.

In order for the school district to be able to continue to make its computer network and Internet access available, all students must take responsibility for appropriate and lawful use of this access. Students must understand that one student’s misuse of the network and Internet access may jeopardize the ability of all students to enjoy such access. While the school’s teachers and other staff will make reasonable efforts to
supervise student use of network and Internet access, they must have student cooperation in exercising and promoting responsible use of this access.

Permission to Use Technology
In general, students should only use technology with the permission of a school district employee. The district’s Bring Your Own Device (B.Y.O.D.) policy will determine when and how students may use personally-owned devices. During school hours, students should only use technology, whether the district's or their own, for school-related purposes. Students must have specific permission from their teacher in order to:

- Use personally-owned technology in class
- Publish information to websites, blogs, wikis, messaging apps, or other online workspaces, including Twitter, Facebook, etc.,
- Create an account in any online software program or app

Additionally, students must have the permission of school officials and have submitted any necessary paperwork prior to moving any district-owned technology from the school.

Bring Your Own Device (B.O.Y.D.)
Students will be required to access our wireless network when using the approved personal technology devices during the school day with the consent and supervision of the classroom teacher and the authority of the building principal or when using approved personal technology devices for personal use at authorized times. While users may operate their own devices to access the Internet, the must do so by way of the district's filtered wireless connections. The use of private (3G/4G) network access is prohibited. Users may not disable, override or circumvent district technology filters and protection measures.

Acceptable Devices
Computers, laptops and netbooks with either Microsoft Windows or Apple operating systems are permitted on the district's network. Mobile devices, tablets, and e-Readers are clearly useful for productivity purposes and will enhance instruction, so they are permitted on the network. This category includes but is not limited to iPads, Android tablets, Google Chrome, Kindles, Nooks, etc. The category referred to as "handheld devices", which includes iPods, iPhones and Android smartphones are also permitted at this time. It is expected that these devices will have an updated web browser from which the student can be able to access necessary tools, current antivirus software and be full charged and maintained to work properly during the day.

3G/4G Network Access Is Prohibited
Mobile devices such as laptops, tablets, e-readers, are often equipped with 3G/4G wireless capability, which the district is unable to filter or monitor in legal compliance with the Children's Internet Protection Act. Students who bring 3G/4G enabled devices must access the Internet via the district's filtered Wi-Fi connection only. Violators may have their devices confiscated, their participation in the B.YO.D. initiative restricted and be subject to disciplinary action.

Cell Phones Usage
Selma City Schools respects parent wishes for their child to bring a cell phone to school. However, cell phones brought to school must be stored appropriately. The school is not responsible for attempting to recover lost or stolen cell phones when students have not properly secured them. Cell phones cannot be audible on school property. When a student is found to be using his/her cell phone without permission or during designated times on school property, the phone will be taken from the student and given to a school principal. Students whose cell phones contain any illegal or inappropriate material are subject to the appropriate school consequences, as well as possible legal consequences. There is an expectation of privacy in all restrooms, locker rooms, and performance areas; therefore, cell phones or other recording devices are banned from use in these areas.
When a student violates the school district guidelines for cell phones, the individual's cell phone will be confiscated and consequences applied as outlined in this manual.

With regard to incidents that occur during the administration of a state-mandated test, the Alabama State Department of Education has stipulated that the possession of a digital device is strictly prohibited during the administration of a secure test.

**Inappropriate Use of Internet/Electronic Devices**

Students may not use personal technology during instructional periods except when used as an aid to instruction, at the discretion of the classroom teacher and the principal. A student who brings his/her device should not use that device to cause harm to the district's network by introducing viruses, or to engage in cyber bullying, viewing inappropriate materials, sexting, videoing other students without permission, videoing fights and other altercations, or any other forms of harassment.

**Threat by Electronic Transmission**

Students, employees and volunteers must report any knowledge of electronic threats to school officials. This includes email, web pages, Blogs, and all forms of social media.

**Unauthorized Video/ Audio Recording**

Selma City Schools values civility, respect for the individual and the privacy of students, visitors and staff. These values include safeguarding against inappropriate invasions of personal privacy rights. In addition to the privacy protections provided by applicable laws and regulations, other policies of the Board of Education, and reasonable regulations promulgated by building principal and central administrators, the following guidelines shall apply to photographs, video recordings and audio recordings on Selma City Schools premises.

Except as specifically set forth in these guidelines, no person present on school district premises shall make, publish or distribute any photograph, video recording or audio recording (collectively, "recordings") capturing the image or voice of any other person on a SCS campus ("recording subject") without the express prior permission of the subject. Violation of these guidelines shall be subject to the following potential consequences:

1. In the case of violations by staff, disciplinary action as permitted by law and subject to the terms of any applicable collective bargaining agreement;

2. In the case of violations by students, the recording equipment will be confiscated until any unauthorized recording has been erased, and disciplinary action will ensue according to Selma City Schools Student-Parent Handbook;

3. In the case of visitors, removal from SCS campuses followed by other lawful actions.

The following recordings may be made without the prior consent of a recording subject, subject to any further privacy protections provided by applicable laws and regulations, and provided, further, that no otherwise-permitted recording shall be distributed or disseminated for the purpose of annoying, intimidating or harassing any a subject:

1. Recordings made by or on behalf of the Selma City Schools for inclusion in district publications and newsletters or for dissemination to the news media for the purpose of publicizing programs or events.

2. Recordings made by representatives of news media, parents/guardians and other persons lawfully on SCS campus to attend district events open to visitors, including dramatic productions, athletic events, meetings of the board of education and other meetings open to the public; provided, however, that recordings may be limited in the case of performances of copyrighted material.
3. Recordings made in connection with certification and other credentialing processes applicable to teachers and teaching assistants.

4. Recordings made with the approval of the superintendent/designee for the purpose of assessing or improving the quality of instruction.

5. Recordings made by faculty members for educational purposes tied to the goals and objectives of a course or courses, or for dissemination only in the faculty member's password protected site.

6. Recordings made for use in connection with class photographs, student publications and yearbooks.

7. Recordings made and maintained for security purposes.

8. Recordings of interior or exterior scenes where the presence of recording subjects who have not given consent is merely part of an incidental background.

9. Such other recordings as are approved in advance by the superintendent/designee or the principal/designee which approval may include appropriate restrictions.

**Wireless Information**

When a student brings his/her own personal technology device onto the middle school or high school campus, it is mandatory that these devices utilize the assigned wireless network for students only. By authenticating and logging into the assigned student network, the student is agreeing to comply with the terms of the Selma City Schools Acceptable Use Policy. Once on the assigned student network, all users will have filtered Internet access on their personal technology device equipment and will be in compliance with the Children's Internet Protection Act (CIPA).

**Rules and Limitations**

Students should strive to be good 'digital citizens.' In addition to following this AUP, school rules, and board policies; students must also comply with all applicable local, state, and federal laws when using technology. Any student identified as a security risk, or as having a history of such, may have their access to technology restricted or denied and may be prohibited from bringing personally-owned technology on campus.

**Expectations of Privacy**

Students should not expect that their files, communications, or Internet use while using district-owned or managed technology are private. Authorized staff may access, search, examine, inspect, collect, or retrieve information of any kind from the district's technology, at any time and without prior notice in order to determine if a user is in violation of any of the district's rules, or for any reason not prohibited by law. In addition, authorized staff may delete or remove a user's files from district-owned or managed technology without warning when those files violate the Acceptable Use Policy or when necessary to maintain safe and correct operations of the district's technology.

School officials may read, examine, or inspect the contents of any personally-owned technology upon reasonable suspicion that the contents or recent utilization of the technology contains evidence of a violation of these or other rules and policies, as well as any local, state, or federal laws.

STUDENT ATTENDANCE & TRUANCY
Alabama Code §16-28-3 requires all children between the ages of six (6) and seventeen (17) to attend school regularly. Parents and/or guardians are responsible for the regular attendance to school. The school district recognizes the need to partner with our families to assist you in accomplishing the above goal. With that being said, the school district requests that parents, please, notify your local school when attendance matters occur. Failure to comply with the Compulsory School Attendance Law will result in Selma City Schools signing a Consent Decree/Contributing Warrant against the parent/guardian for truancy. As well, the school district is requesting the punctual arriving of your child(ren) to school daily.
