

2022-2023
Salary Schedule

ASSUMPTIONS

In the preparation of any salary schedule, certain assumptions must be made, implicitly or explicitly. It is the opinion of the Board that maximum benefit will accrue when these assumptions are made explicit. The assumptions under which this salary schedule was prepared are as follows:

1. That any new employee would begin employment under the salary guidelines contained in this schedule.
2. That the current employees are “grandfathered” at existing rates of pay or salary schedules until such time that a schedule fit occurs, or until retirement, termination, or job change.
3. That, unless otherwise mandated by the State Legislature, salary increases or raises will be made by applying an across-the-board percentage to this schedule of base salaries or wages for new employees and to previously existing schedules or salary bases for grandfathered employees.
4. That wages should be increased in a step fashion based upon experience and/or certification up to a predetermined maximum to reflect an employee’s increasing competence over the tenure of employment.
5. That all employees performing equivalent tasks should receive equivalent remuneration.
6. That all employees should be duly certified for their respective positions.
7. That all employees will be paid in twelve equal monthly installments, regardless of the length of the contract (eleven, ten, nine and half, or nine months).

THE EFFECT OF THE FAIR LABOR STANDARDS ACT

The case of *Garcia v. San Antonio* reapplied the provisions of the Fair Labor Standards Act (FLSA) of 1938 and its amendments to certain employees in education, in particular the provision dealing with additional compensation for overtime work. Department heads, supervisors, and principals must secure approval from the Superintendent prior to allowing any employee to work overtime. Compensation is generally provided by paying the employee for additional hours at the rate of 150% of regular pay. Compensation may be provided by giving the employee compensatory time at the rate of 1.5 to 1 for overtime hours worked.

Limitations on the local hours of accumulated compensatory time may be set by the Superintendent. In accordance with Title 29, Part 541 of the Code of Federal Regulations, Revised June, 1983, most positions listed in this proposal are subject to the Provisions of the FLSA, i.e., are “nonexempt.” “Exempt” positions are not entitled to overtime pay. As outlined in the Code, exempt employees are those who met one or more of the following criteria.

- Executive, administrative, and professional (certificated) employees, including teachers and Academic Administrative positions.
- Noncertified employee (a) whose primary duties consist of the management of the enterprise in which they are employed, (b) who have the authority to hire or fire or whose recommendations as to the hiring, firing or other change of status decision for other employees will be given particular weight, and (c) who customarily and regularly exercise discretionary powers.

Employees not meeting on the above criteria are subject to the provisions of the FLSA and are not eligible for additional compensation for work performed in excess of forty hours per week.

EMPLOYEE BENEFITS

Insurance

Hospital insurance coverage is offered to employees through Blue Cross Blue Shield, Health Springs of Alabama and Viva Health Plan HMO. Supplementary insurance is available. Dental, vision, cancer, and indemnity policies are offered through Southland National at no cost to employees in lieu of hospitalization insurance.

Teacher Retirement

All full-time employees are required to participate in the Alabama Teacher Retirement System.

Leave Days and Vacation

Each employee will accrue sick leave at the rate of one day per month of contract. Sick Leave days may be accumulated: accumulated days may be used for retirement purposes. Each employee will accrue two days of personal leave per year. Personal leave may be converted to sick leave at the end of the year. Professional employees may request leave days for professional development purposes. These requests must be approved by the Principal and the Superintendent or his designee. Only a limited number of professional leave days are available system-wide.

Twelve-month employees with one year or more of service will be entitled to ten days paid vacation. Non-teaching certified personnel and classified personnel may take vacation at any time during the year with the approval of their supervisor and the Superintendent.
